2026-2027 Tuition and Fees

Our Children's Center Montessori is a tuition-based school, relying on registration fees and tuition to operate. Yearly tuition at OCC is based on a ten-month school year and is not prorated for days absent, student illness, or vacation days. Tuition may be made payable in full on August 1, in two payments (August and January), or by utilizing a ten month payment plan (August through May). Tuition includes daily morning snacks for all students, catered lunch for full day primary students and all toddlers, and afternoon snacks for students enrolled in after school care.

OCC is committed to increasing accessibility for early childhood education in our community. We have a robust financial aid program built into our annual budget supported by the Central PA Scholarship Fund and individual contributions. We use a financial aid management process to ensure equitable and unbiased evaluation of need, and set generous income qualifications so that we might offer an outstanding Montessori experience to as many children as possible. Our hope is that through aid and other support, finances won't prevent you from joining the OCC school community if our philosophy is a good match for your family!

	Time	Yearly	10 Monthly Payments
Primary Class:
